GOVT High School Dogranwala

2015 - 2017

Gujranwala, Pakistan

WORK EXPERIENCE

MERN Stack Developer Beyond Technologies

08/2022 - Present

Lahore, Pakistan

Tech Services Startup Organization

Achievements/Tasks

- 1st project: Worked as a Backend Developer and developed backend for an institutional website of international organization Beaconhouse International College. In this project, I used (Node + Express) as a backend language/framework. This project is basically all about **Gradebook Entry** and **Timetable** including students and teachers. I have created multiple endpoints and integrated that endpoints with the frontend.
- 2nd Project: Worked as a Frontend Developer and developed a website Frontend for a foreign client Using React and integrated backend with frontend. In this project, I migrated the old design of a website into the updated one.
- Other than the above projects, I also worked on so many other things like code fixing, layout changings, adding more features into existing projects.
- Project Management is also one of the thing that I learned here in this organization.
- I also learned how to communicate with clients both Global/ Local by communicating with them real time.
- I also learned about the team work and team management.
- I also learned about how to work under pressure and how to met deadlines.
